Graduation Exercises Held At Vulcan High School

The first graduation exercises ever to be held in the Vulcan High School took place on Friday, May 20 at 2 p.m.

Many parents and interested friends together with the students and teachers of the Junior and Senior High schools attended.

The auditorium was decorated in the school colors of green, white, and black. Cut flowers, arranged on the stage, formed a foreground for the eight graduates attired in gowns and mortarboards.

Music for the the impressive professional and recessional was rendered by Betty Hollister.

The Reverend J. E. C. Reuss gave the invocation.

Mr. H. E. Kumlin, principal, gave an inspiring address of welcome, in which he encouraged the graduating class to continue in their respective fields.

E. G. Hansell, M.P., was the guest speaker, stressing that the graduates should have a definite purpose in life and set their minds and hearts towards the accomplishment of this purpose. (A resume of Mr. Hansell's address is given at the end of this story.)

Terry McAfee was the valedictorian. She spoke highly of the regard the students hold for the staff and urged her classmates to strive to uphold their ideals.

Mrs. M. L. Todd presented corsages to Margaret Ewashes, Lillian Giachetta, Terry McAfee; boutonnières to Billy Hansell, Jerry Sparks, Donald Schneider, and Jimmy Walker and Michael Jantzie. As each of the graduates received this token Mrs. Todd spoke in a pleasing informal manner.

Mr. Ulmer then presented certificates to the class and referred to the mark each student leaves with his teacher and how the reverse also holds true.

At the close of the program, boutonnières were also presented to Mr. Kumlin and to Mr. Ulmer.

Following the exercises, tea was served by the Home and School Association. Mrs. D. O. Jantzie and Mrs. E. G. Hansell poured. The graduates and the high school staff received the guests. A reading was given by Geraldine McKay and special numbers were sung by the Grade 10 boys.

The following is a resume of Mr. Hansell's message to the Vulcan High School graduating class.

Life has more than one aspect. It has the present, the past and the future. We should learn from the experiences of the past and upon those experiences build such character as will reach to great accomplishments. We may have made mistakes in the past but the important lesson to learn is not to make the same mistake twice.

School days offer experiences not always pleasant to those who do not enjoy school life. The compulsory grind to keep up with our subjects and the risk of the teacher's disfavor when we fail to make it may give some cause for us to feel that we'll be mighty glad when school is over. But we should always remember that success in life doesn't come by the way of

easy chance. We must be fitted for the future, and part of this responsibility is the students while part of it is the teachers.

The teaching staff has a job to do. But the teachers cannot do the job alone. They must have the co-operation of those they try to teach. Their task is not an easy one. They stand between the School Board, which must be critical of the results to be achieved, and the parents who very often get the students start on school problems. It should be well for students to remember this at all times.

A school does not consist merely of the building which accommodates the student body and its teaching staff. Vulcan is very proud of its High School building. It is the talk of the country for miles around. But the school proper is not the building, but the body of young people who are vibrant with life. Life, personality and trained minds can influence the course of human history. The building, while beautiful to look at, is a dead thing.

The present is a fleeting movement. It is a moment of opportunity, a moment of decision. It is that moment of time when the graduating student stands between all the experiences of the past and all that the future holds.

What does the future hold for you? That question is largely in your own hands. It has been said that every man is the architect of his own destiny.

There was never a time in history when the world needed real men as it does today. The world stands at the cross-roads. It can go on either to a glorious destiny hitherto unknown to man or it can be blown into oblivion only to find its grave in the dust of a forgotten civilization. The choice is in the hands of responsible men. What part will you play in this destiny?

Two characteristics contribute the kind of men needed for today. They must be men of integrity and purpose. The world has seen enough of men who cheat and lie to accomplish their own selfish ends. History records that men who have moulded the course of civilization, have been men of the highest integrity. Men who had convictions. Men who could not be bought at any price.

The great men of history have been men with a purpose. A purpose that would make this world a better one for generations to come.

What is your purpose in life? If you haven't one, then you will become a drifter. If you have a purpose, then set your heart and mind toward its accomplishment. And once having done that, go on toward the goal. May God bless you.

Lomond Home and School Honors Grade 12 Graduates

On the evening of May 27, the Lomond Home and School Association held their Closing Exercises, honoring the Grade IX Commencement Class and the Grade XII Graduating Class. In the Grade IX class were Alvin Hendricks, Harrison Cauffield, Darrel Maronda, Douglas Huff, Beverly Humphries, Shirley Benson and Edna Hanna. In the Grade XII class were Betty Kunkel, Kathleen McAllister, Allan Neilson, Harold Magnusson and Charlie Jenkins.

The hall, kitchen and tables were beautifully decorated in the school colors of black and yellow, for the Banquet which was held at 7 o'clock. Fifty-eight of the sixty-five invited guests were present to enjoy a most bountiful turkey supper. The toastmaster, Fred Maronda, proposed the toast to the Queen. Beverly Humphries proposed a toast to the Home and School, which was responded to by H. Hendricks. The toast to the Teachers given by Harold Magnusson, was replied to by Mrs. Liebrich. Mrs. Booth toasted the graduating class, and was responded to by Betty Kunkel. Charlie Jenkins proposed a toast to the school trustee and Mr. McAllister responded. Darrel Maronda introduced a bit of humor by proposing a toast to "us."

Everyone then proceeded to the main hall where once again the school colors were used along with beautiful flowers to provide a lovely setting for the program which, as usual, was open to the public. The program opened with the singing of O Canada. Mervin Liebrich acted as chairman. Betty Kunkel gave a poem (The Great Adventure). The class Will was read by Harrison Cauffield. A piano selection was given by Norma Montgomery. Remarks to the Class by Pastor Foster; a Class History was read by Kathleen McAllister; a musical selection by A. Farmers "Hard At It"

Seeding Completed This Week If Dry Spell Holds

Following one of the coldest, wettest springs in the history of this district, dry weather has prevailed for the past week, allowing farmers to proceed with much-delayed seeding operations.

West and south, seeding is reported to be practically completed. North and west, if there is no rain this week, seeding should be fairly well finished by the end of the week. There will be some reduction in acreage due to low spots being too wet to seed.

Wednesday morning was bright and sunny, but gathering clouds Wednesday afternoon forecast possible showers.

Vulcan Priest At Calgary Exercises

Rev. Louis Connolly of Vulcan was guest speaker at St. Mary's Cathedral in Calgary on Sunday for the last graduation exercises to be held in the building, which will soon be demolished. Madeline Nolte of Vulcan was one of the eighty students from St. Mary's boys' and girls' high schools who took part.

Rev. Connolly told the assembled students that a school which neglects religion is incomplete. The same subjects may be taught and the same textbooks used, but if the soul and will are not developed in conjunction with mental and physical abilities, only half a man has been educated, he said.

"The mere teaching of the catechism in a school does not make up for it. To graduate under the auspices of religion and in the sacred surroundings of a church is more significant than graduation from an assembly hall," he added.

speaker will be Ron McCullough of Calgary. The topic will be "Marketing Boards." This should prove very interesting to everyone.

There will be a Legion meeting on June 9th at 3:30 p.m. at the Memorial Centre.

Several residents motored to Vulcan Saturday night to see the movie "The River of No Return." Mrs. Herb Birkenes and Mr. Birkenes have been Calgary visitors recently.

OBITUARY

Mrs. Jack Stannard, Red Deer. It is with sorrow we record the passing of another old timer of the Lomond district, Mrs. Jack Stannard of Red Deer, on May 12. She was 59 years of age.

As Miss Blanche Booth, she came from North Dakota, to this district in the fall of 1909 and married Jack Stannard on July 14, 1915. CARLING'S COMES TO ALBERTA

Carling's Black Label product will be on the market in Alberta before the end of July, said S. F. Heard, President of Red Deer Brewing Co. Ltd., following an extraordinary general meeting of the shareholders held in the Palliser Hotel, Calgary, on May 25th.

It was unanimously agreed at the meeting that the name of the company should be changed to The Carling Breweries (Alberta) Limited. The shareholders welcomed the opportunity thus given their company to produce at the Red Deer plant the beer which has the fastest growing sales in Canada. Mr. Adam Carson, the company's brewmaster, who served Carling's in Ontario in a similar capacity for several years, will be directly responsible

for production.

To further guarantee the exact quality of Carling's Black Label product, arrangements have been made with The Carling Breweries Limited to have their Production Manager of Brewing, Mr. Stan Parker, work in conjunction with the brewing staff of The Carling Breweries (Alberta) Limited. Mr. Parker's main responsibilities with The Carling Breweries Limited are control of quality and co-ordination of production of their numerous plants to produce a uniform product throughout Canada. It is largely due to his efforts that such unparalleled public acceptance has been attained in this country, England and the United States. It is planned that Mr. Parker will work very closely with Mr. Carson in Red Deer.

Last week two dogs were poisoned in Champion. These dogs were the pets of small children, and needless to say these children are grieving for their pets. This is a cruel method of dealing with dogs, and an even greater tragedy could have occurred if a child had put the poisoned meat in his mouth. It is to be hoped that this will not occur again.

Notice To Parents

The Foothills Health Unit has received a small extra supply of Poliomyelitis (Salk) Vaccine which we are offering to children who will be starting school in September 1955. Parents interested in having their children inoculated should bring them to our regular baby clinics during the month of June. These children must be available to receive the second dose one month later, in July.
